Priyanshu Ranjan

7398425022 | ranjanpriyanshu441@gmail.com | LinkedIn | GitHub | Portfolio

Professional Summary

Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning with a CGPA of **8.75/10**. Developed **3+ production-style projects** across AI, full-stack development, and data analytics, including a multilingual healthcare assistant, a reverse ride-hailing platform, and an analytics platform built on **3 official UIDAI datasets**. Strong foundation in Java, Python, SQL, React, Node.js, MongoDB, AWS, and Machine Learning, with experience building scalable applications from backend APIs to cloud deployment.

Education

VIT Bhopal University **Sep 2023 – Expected 2027**

B.Tech in Computer Science & Engineering (AI & ML Specialization) | ***CGPA: 8.75/10***

Projects

AI HealthBot – AI Symptom Assessment Platform **Jan - Mar 2026**

Full-Stack AI Healthcare Project | React, TypeScript, Node.js, Supabase, Gemini 2.5 Pro (LLM)

- Built a multilingual AI healthcare platform integrating **Gemini 2.5 Pro**, enabling a **9-step symptom assessment workflow** with **3-level AI risk triage** for intelligent preliminary healthcare guidance.
- Developed a full-stack app comprising **12 major screens**, **30+ reusable React components**, 5 core database tables, and 2-language support (English & Hindi), with secure auth, health history, NGO analytics, and PDF report generation.
- Designed a scalable cloud-native architecture integrating **4 analytics widgets**, AI-powered recommendations through a Supabase Edge Function, and maintaining average AI response times of **2–5 seconds**.

Aadhaar Insights – Data Analytics Platform **Jun - Jul 2026**

Data Analytics & Machine Learning Project | Python, NumPy, Pandas, Scikit-learn, Streamlit, Power BI, Plotly

- Built an end-to-end analytics platform processing **3.37M+ Aadhaar records** from **3 official UIDAI datasets**, delivering state and district-level insights across **57 states** and **964 districts**.
- Designed an interactive analytics solution with a **9-page Streamlit application**, Power BI dashboards, KPI monitoring, anomaly detection, trend analysis, correlation analysis, and automated recommendation generation.
- Developed and benchmarked **3 forecasting models** (Baseline, Linear Regression and Random Forest) to analyze enrolment, demographic, and biometric update trends for data-driven decision support.

Swayam Saarthi – Reverse Ride-Hailing Platform **Dec 2025 - Present**

Full-Stack MERN Web Application | React, Node.js, Express.js, MongoDB, JWT

- Developing a full-stack reverse ride-hailing platform comprising **15 React pages**, **28+ REST APIs**, **5 MongoDB collections**, and **3 role-based portals** (User, Driver, Admin) to simplify secure driver booking and vehicle management.
- Implementing an end-to-end ride workflow spanning **5 booking states**, integrated with JWT authentication, Role-Based Access Control (RBAC), and responsive dashboards for seamless user and driver experiences.
- Building a scalable MERN architecture featuring **20+ reusable React components**, **5 modular backend controllers**, and Socket.IO-powered real-time booking updates, driver availability, and ride status notifications.

Technical Skills

Languages	Java, Python, SQL, C++
AI & ML	Scikit-learn, TensorFlow, PyTorch, Computer Vision, OpenCV, NumPy, Pandas, Matplotlib
Web Development	React.js, Node.js, TypeScript, REST APIs, JWT, FastAPI
Databases	MySQL, PostgreSQL, MongoDB, SQLite, Supabase
Cloud & DevOps	AWS (EC2, S3, IAM), Google Cloud, Vercel, Streamlit Cloud
Data Analytics	Power BI, EDA, Streamlit
Developer Tools	Git, GitHub, Jupyter Notebook, Google Colab, Microsoft Tools

Certifications & Achievements

- **Oracle Cloud Infrastructure 2025 Certified Data Science Professional** Credential
- **Applied Machine Learning in Python** Certificate
- **TCS CodeVita Season 13 – Global Rank: 1206** Certificate
- **Google Cloud Arcade Facilitator Program**

Earned multiple Google Cloud Arcade badges through hands-on cloud labs.

- **Graph Camp – AlgoUniversity** Certificate
